INTERNATIONAL TECHNOLOGY INNOVATION EXPO

EMBRACING THE UNCERTAINTIES

VENETIAN MACAO CONVENTION & EXHIBITION CENTRE

5.22 WED 2024 → 5.25 SAT 2024

“BEYOND Expo provides a **global stage for Asia's tech giants and startups** to showcase their latest innovations here in their own backyard.”

MEET THE FOUNDERS

Jason Ho is a passionate innovator, a dynamic entrepreneur and the visionary Co-founder of BEYOND Expo, dedicated to spearheading innovation and technological progress across Asia. Additionally, he holds the position of President at the Macao Technology General Association, and serves as Vice President of the Guangdong-Hong Kong-Macao Cooperation Promotion Association. Jason's journey is imbued with a profound passion for nurturing tech collaboration throughout the region.

Jason's relentless enthusiasm shines through numerous significant milestones and achievements, most notably his orchestration of three exceptionally successful editions of BEYOND Expo. This annual event spotlights cutting-edge technology, highlighting its influence on present and future industries within society. The BEYOND Expo specifically emphasizes the impact of technological innovation across various sectors in Asia.

Jason graduated from University of Southern California in 2016 with a Bachelor degree in Business and a Master degree in Construction Management.

Dr. Gang LU is the co-founder of BEYOND Expo, the founder and CEO of tech media company TechNode Group (TechNode and TN Global), as well as the Chairman of the Macau Science and Technology Association. He also ran TechCrunch China in 2013-2019. Dr. Lu's significant contributions to the international technological innovation ecosystem position him as one of Asia's foremost influencers in the global technology sector.

Notably, he holds the title of "National Advisor" of UNIDO China and was recognized under the '1000 Talents Plan' in Shanghai. He also received the Entrepreneurial Award from the British Council's Study UK Alumni Awards (China & East Asia) in 2017-18. Dr. Lu got his Ph.D. in Wireless Communications from the University of Sheffield, UK.

建筑业新未来
作为本届博览会可持续发展战略合作伙伴，中国建筑国际集团发布三大建筑科技产品，探索行业创新发展新路径；邀请院士专家和行业精英，共同探讨建筑工业化、城市转型、可持续发展等前沿话题，助力推进建筑业高质量发展；开设了可持续发展品牌展区，展示先进建造科技成果。

前沿科技产品让建筑更绿色
建筑业是国民经济重要支柱产业，也是碳排放大户，建筑减碳是推进行业绿色发展的关键。

连续三年，中国建筑国际旗下的远东幕墙在BEYOND Expo上发布高端幕墙产品。今年推出的Light A轻质仿铝板光伏组件，能够在90%以上还原铝板外观质感的同时，实现建筑本体发电。据测算，每100平方米Light A光伏幕墙平均每年可发电12000kw-h，相较传统幕墙每年可减少10吨碳排放。此外，远东幕墙还将其与被动式幕墙结合，推出可离网供电的光储一体单元窗，营造更舒适、智能的人居环境。

BEYOND AWARDS

2024 Awards Selection Process

BEYOND Innovation Awards

The BEYOND Innovation Awards offer recognitions for the three sub-brands of BEYOND: BEYOND Healthcare Innovation Award, BEYOND Sustainability Innovation Award, and BEYOND ConsumerTech Innovation Award. These awards acknowledge tech companies that offer innovative products and services with breakthrough technologies and industry-leading solutions. The award winners will be selected based on the following criteria: technicality, commercial value, and innovation.

BEYOND Impact Award

One of the core themes of BEYOND is technology and its impact on society and human development. Based on the 17 Sustainable development goals (SDGs) of the United Nations, the BEYOND Impact Award is designed by the BEYOND Committee to recognize individuals or companies with outstanding performance and contribution to the reforms of nature, society, economy, technology, poverty alleviation, as well as solutions under the premises of carbon neutrality.

come inside a tech conference

Special thanks to BEYOND Expo co-founders Dr. Gang Lu and Jason Ho, as well as Stanley Cheng, Alex Chatpatton, and the TechNode Global team for making a tech expo of this scale happen in Macao. Really really appreciate your work! I'm looking forward to the next one and many more BEYOND Expos to come.!!

Followed by an inspirational talk by Pan Jianwei "father of quantum" - which kept me awake all night. I knew whoever masters quantum physics will be the master of the future. China has certainly claimed that title.

Prof Jianwei eloquently explains how the understanding and mastery over quantum entanglement has led to many groundbreaking innovations including quantum satellites and communications that will very soon transform the world. Inspirational!

I was also invited to speak at 3 separate panels talking on Agriculture and food security, Opportunities in South East Asia, and "the making of unicorn" in between. 6 engagements with potential investors. Forged many new partnerships/friendships too.

A very packed and meaningful 3 days. I probably lost 2kg from walking around lol.
